This policy sets out our approach to accessibility for Galileo Multi Academy Trust.

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Our trust aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

The plan will be made available online on the trust website and individual school websites, and paper copies are available upon request.

Our trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The trust supports any available partnerships to develop and implement the plan.

Our trust's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in one of the schools in the trust, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff, trustees and local governors.

Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools and trusts on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on their ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes

sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools and academy trusts are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with a disability faces in comparison with those without a disability. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010. We aim to deliver current good practice, and further actions to be taken, in a reasonable time and in ways determined by taking into account our pupils' specific disabilities and any preference expressed by them and/or their parents.
